## NEW YORK VICTORY ELATES DEMOCRATS AND INSURGENT REPUBLICANS

Washington, D. C., April 20.—Not since the political campaign began have the Democrats been in such a jubilant mood as today over the result of the New York congressional election. They gathered early on the floor of the house and everywhere there was a spirit of felicitation. The Republican leaders declined to attach any particular significance to the result.  
"It was just a skirmish; it does not mean anything," said representative Boutwell of Illinois. His statement is typical of the Republican expression.

Among the Democrats and "insurgent" Republicans there was a greater variety of views. "It is the beginning of a new epoch," said Francis Burton Harrison of New York, a Democrat. "I don't believe a single Republican congressman from New York is safe from defeat under the conditions we have there. The retirement of senators Aldrich and Hale and the result of the elections in Massachusetts and New York means the passage of the old order and the establishment of a new and better one. It is the

dawning of a new day."  
Representative Norris, of Nebraska, an "insurgent" leader, said "It is simply an uprising of the people against machine rule and means that the people will stand it no longer. It is a local matter in New York, but similar conditions prevail throughout the country and a similar result will ensue."  
"What does it mean to you?" Mr. Norris was asked.  
"It means that members who are here because of machine rule won't be here much longer," was the reply.

FIRE BURNS TULAROSA BUILDING.  
Tularosa, N. M., April 20.—Thompson's ice cream parlor burned down at 1:15. There was much damage to the postoffice and the Prude store.
